Trading in Stocks More Active Though Still Dull.

A LACK OF RESILIENCY

Secretary Shaw Regarded as a Good Assurance Against Money Stringency-Close Heavy

(By Associated Press.)

NEW YORK, September 23.—Trading in stocks were more active to-day, although still duil and the average level of prices ended the day considerably lower than last night. There was no resiliency to the market at any time and the only pauge in the downward tendency was an occasional period of stagnation in the dealings. The relief measure for the money market announced by Secretary Shaw, was generally regarded in the financial district as a good assignate against money stringency this fall during the crop moving period. But instead of stimulating any buying of the curities this was taken advantage of the monetation of the same tenesure of the monetation of the same tenesure of the curities that was taken advantage of the monetation of the same tenesure of the same tenesure of the protect of the prot

GOVT. WILL ANTICIPATE PAYMENT ON 5
PER CENT. HONDS:
Secretary Shaw announced this morning he
will anticipate payment of \$10,000,000 5 per
cent. bonds, due Pebruary, 1004, with interest
to maturity, and will resume refunding operations to the extent of \$20,000,000.

Secretary Shaw's action in anticipating the
payment of the 5 per cent. bonds, due February
1, 1904, will be to release at once an amount
of money equal to the principal of these bonds,
\$10,285,050, and six mouths' interest thereou
to maturity, \$484,600—in all \$10,800,500.

National banks hold \$5,504.480 of these bonds
to secure deposits of public money and \$503,650
to secure circulation, so that there are in the

EFFECT WAS DISAPPOINTING:
The effect of the announcement of a resumption of refunding by the Treasury was most disappointing in a maket sense. Although it was admitted that \$2,000,000 would be realized thereby, the market showed clearly that people were waiting for some such apportunity to sell stoks. Traders were very hearish, but did not seem to have stimulated selling by commission busses.

ARLY TRADING:

J. S. Williston made a sale of 6,000 shares of remore to H. Content, said to be Boston second. Specialists considered the stock very much manipulated.

The United States Steel issues were particularly heavy, and the street did not look with any favor unon the resumption of the operations to excert the preferred by schiltrage. It was admitted that the underwriting syndicate had no other course. But it will be a supported by the support of the preferred positively that such operations of the preferred by the support of the supp

There was a resumption of salling in Rock Island 4s, said to be pert of the process of distribution by lines most closely associated with the property. Even at the present prices the securities into which the old Rock Island common was converted are selling equal to 100, which compares preity well with even 8t, Paul and Northwest.

THE MARKET AROUND NOON:
The action of the market at noon was very
disappointing and liquidation was general. There

SHAW TO RESCUE

Secretary of Treasury Will Renew Re-

Secretary of Treasury Will Renew Refunding Operations.

(By Associated Press.)

WASHINGTON. Sept. 23.—Secretary Spaw authorizes the statement that, owing to the scarcity of two per cent, bonds, both for circulation and as security for government deposits, he will renew funding operations to the extent of \$20,00,000 in accordance with the previous circular.

Of the total issue of \$517,000,000 of two per cent, bonds the treasurer already holds for circulation and for deposits \$190,000,000. Secretary Shaw also authorizes the statement that he will redeem the flay per cent, bonds maturing February 1, 190, paying interest to maturity. Formal instructions to the soveral sub-treasuries, authorizing them to redeem on presentation, will be issued to-day.

The banks that have had on file with the treasurer for thirty days or more the deposits will be permitted to substitute approved State and municipal bonds therefor, which will be accopied at 75 per cent, of their par value,

Writer in Forest and Stream Comments on Virginia's New Game Law.

In the current issue of Forest and

Stream is an article congratulating Virginia on the passage of her new game law. The paper says:

"The Legislature of Virginia, luring its last session, in effect re-enacted its game laws. This legislation is a great step forward, and will doubtless be highly commended by all those interested in preventing the useless slaughter of game. The object of game protection, primarily, is to preserve game from extinction, to increase the supply necessary for food, and incidentally to provide sport with rod and gun.

"Virginia has desirable game fields; deer abound in her mountains, wild turkeys and partridges in her woods and fields, shore birds and wild fowl in her idde water, and there is plenty of sport for the fisherman. Rightly cared for, this should be a source of wealth to the State.

NEW YORK, Sept. 21.—R. Fulton Cutting, president of the Citizens' Union, and a leader in the Fusion movement against Tammany, to-day replied to the letter given out last night by District Attorney William Travers Jerome on the question of Mayor Low's renomination. Mr. Cutting declares that the publication of Mr. Fulton's "amuzing letters" had done him great service since he now knew the source of the persistent reports of the alleged antigonism of Citizons' Union d'strict leaders to Mr. Low's nomination. Secretary Thomas A. Fulton, of the Citizons' Union, whose correspondence with District Attorney Jerome, the latter made public, resigned his office to-day at a meeting of the union, Mr. Fulton made an address explaining his actions and position, and then left the meeting.

A resolution offered by R. Fulion Cutting, who presided, accepting Mr. Fulton's resignation, and thanking him for his past services to the Citizens' Union, was adopted.

Irdians at Hampton.

(By Associated Press.)

WASHINGTON, D. C., September 2.—
The annual report of Hampton Normal and Asricultural institute, at Hampton, Va., to the Interior Department, says that 128 Indians have been under instruction there during the past fiscal years since the first indians were brought all lines. It says that in the twenty-five years since the first Indians were brought to Hampton, the school has taught 21 Indian boys and girls, 673 of whom are now living. Records of the work done by these students in after life show that 474 are entirely satisfactory.
